

Roadway Construction Superintendent

Plote Construction Inc. Greater Chicago Area (On-site)

The Plote Family of Companies is a fine example of the American dream realized through over 60 years of hard work, sacrifice and a deep understanding of the value of focused individual effort, performed in concert, to achieve the goal of entrepreneurial success. At Plote we bring expertise, quality, depth of resources, and cutting edge equipment and technology together to deliver exceptional services in excavation, aggregates, asphalt paving, concrete paving, civil heavy engineering, sustainable materials, commercial development, environmental services, and snow removal.

Plote Construction Inc. is currently hiring for an **Roadway Construction Superintendent** to add to our team. The **Roadway Construction Superintendent** directs activities of union and non-union workers engaged with construction of highways, runways, site development infrastructure or other heavy highway construction projects with an emphasis on moving/hauling dirt. If you feel that you have the qualifications for the position and are interested in applying, please contact us by submitting your resume through the application link. Thank you.

Major Duties and Responsibilities:

- Plan procedures for construction on basis of starting and completion times and staffing requirements for each phase of construction
- Schedules crews and orders equipment, tools and materials to be delivered at specified times to conform to work schedules
- Schedules all subcontractor work on daily basis and for the week and communicates daily with the project manager
- Prepares or reviews reports on progress, materials used and costs, and adjusts work schedules on the basis of this review and communicates adjustments to the project manager. Ensures all work progresses at a pace that maintains the schedule and owner milestones
- Accumulates and accurately enters time and quantities on a daily basis with the assistance of the project engineer
- Inspects work in progress to ensure that workmanship conforms to specifications and the adherence to construction schedules

Additional Responsibilities:

- Accumulate and submit all project daily trucking logs and material summary tickets on a daily basis
- Order JULIE dig numbers and refresh numbers
- Address and resolve complaints by field personnel

Required Skill/Knowledge

- Knowledge of construction industry practices and procedures

- Demonstrated ability to multi-task across several projects
- Proficient in Outlook, Excel, Word
- Self-directed and motivated
- Demonstrated leadership skills
- Demonstrated ability to complete projects on time and on budget

Mandatory Physical Requirements

- Must be able to lift up to 50 lbs frequently.
- Must be able to stand up to 12 hours per day with breaks.
- Must be able to stoop and climb frequently.
- Must be able to walk on uneven terrain frequently on job sites.
- Must be able to drive a vehicle long distances frequently.

Preferred Skills/ Knowledge:

- MS Project, P6, Viewpoint and HCSS Heavy Bid and Heavy Job

Education Level / Required Certification: Degree in Civil Engineering or Construction Management; minimum two years' experience in heavy highway excavation or a combination of education and experience

Problem Solving: Must be able to resolve scheduling conflicts; work effectively with all levels of field personnel in order to successfully complete the project on time and on budget.
